

**Project Design Phase-II**  
**Solution Requirements (Functional & Non-functional)**

**Functional Requirements:**

Following are the functional requirements of the proposed solution.

FR No.	Functional Requirement (Epic)	Sub Requirement (Story / Sub-Task)
FR-1	User Registration	Registration through Form Registration through Email
FR-2	User Confirmation	Confirmation via Email Confirmation via OTP
FR-3	User Login	Login using Registered email Id
FR-4	Sent Request	If plasma is required, the receiver will contact the donor
FR-5	Contact Donor	Contact the donor directly if a phone number is given
FR-6	View donation camps	View the list of donation camps happening nearby

**Non-functional Requirements:**

Following are the non-functional requirements of the proposed solution.

FR No.	Non-Functional Requirement	Description
NFR-1	<b>Usability</b>	The Graphical and user interface is be user-friendly and neat.
NFR-2	<b>Security</b>	The data is be completely stored in a secure database for the donor and recipient to access it safely.
NFR-3	<b>Reliability</b>	It is completely reliable and accessible for a long period of time without bugs. It should satisfy the core purpose of its making.
NFR-4	<b>Performance</b>	It is dynamic and performs well under difficult circumstances.
NFR-5	<b>Availability</b>	The availability of this application is around all the 365 days of the year with day and night availability around different nations.
NFR-6	<b>Scalability</b>	The application is sufficient for many numbers of users and supports to protect all information that are dynamically provided in the application.
